

# *Support and resources for teachers*

**At OxfordAQA, we are committed to supporting you at every stage of your students' learning, from lesson planning and teaching through to final exams.**

Our year-round programme of training, events and face-to-face support ensures that you get the most out of your teaching and professional development.

Use this guide to discover the range of support and resources available to you as an OxfordAQA school.

# High-quality, fully-matched resources from Oxford University Press

Oxford University Press publish print and online Student Books to provide full support for each of our qualifications. These dedicated educational resources support teaching, classroom activities and exam practice to help you prepare your students for success in their OxfordAQA International GCSE, AS and A-level exams.

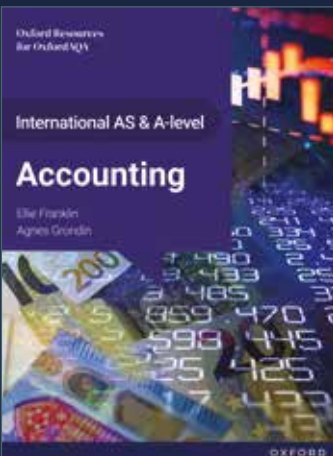

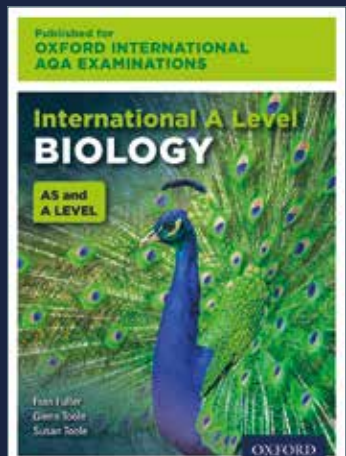

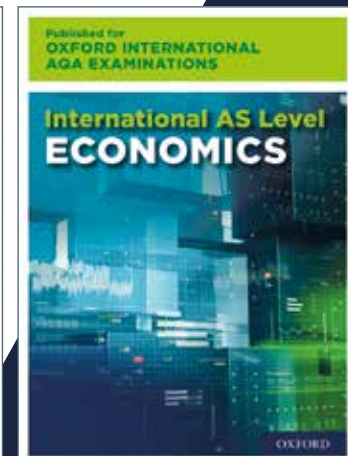

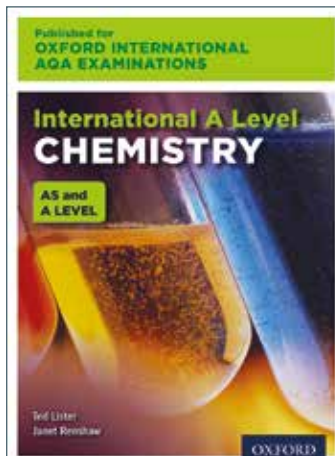

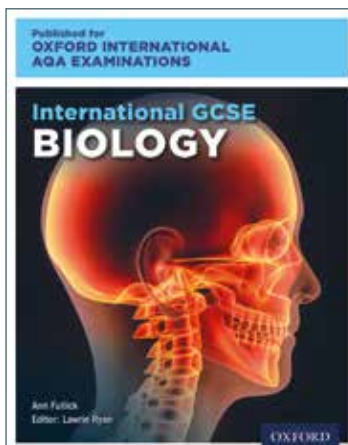

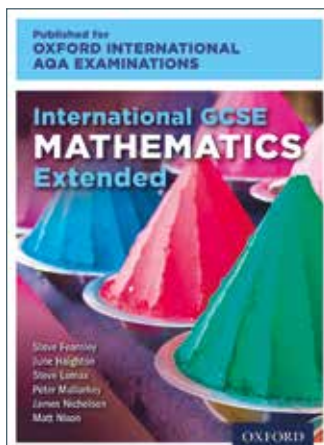

The Student Books use our practice-led approach to introduce every key concept and encourage application of knowledge to help students check their understanding.

*"Be it to do with  
the textbook, be it to do  
with the way to deliver a  
syllabus, the support that the  
OxfordAQA team has offered  
has been absolutely first-class."*

# Quality training and events delivered by experts

## Assess

### *Marking Guidance and Examiner Insight*

OxfordAQA senior examiners present genuine student exam responses for discussion and analysis, explaining how the mark scheme has been applied, what is required for successful answers and common mistakes to avoid.

### **Any time, from anywhere** *e-learning Marking Guidance courses*

Designed by OxfordAQA's training experts, these online modules cover a range of topics and include practice questions to test understanding. They are available for selected subjects and can be accessed and revisited at any time, from anywhere, allowing you to complete them at your own pace.

## Plan

### *Prepare to Teach*

An introduction to each OxfordAQA specification by a senior examiner, covering syllabus, assessment and curriculum planning to provide the essential foundations for teaching.

### **On request** *Senior Examiner Clinics*

A unique opportunity to meet with an OxfordAQA examiner and receive bespoke support and guidance on individual issues.

## Teach

### *Getting Started*

A step-by-step guide to the upcoming year teaching an OxfordAQA specification, setting up teachers to deliver curriculum content in sufficient breadth and depth with confidence.

### **Year-round**

Dedicated training covering specific aspects of OxfordAQA qualifications alongside other topics of pedagogical interest to ensure teachers and students have the best possible chance of success.

## DATA INSIGHTS

**Find out what your results are really telling you**

Data Insights is an online results analysis tool which is available for all OxfordAQA exams and allows in-depth data analysis to inform your teaching.

Use Data Insights to dig deeper into your results and see how your school, subject and students have performed.

## **exampro**

**Pre- and post-exam support**

Exampro is a searchable bank of exam questions – the quickest, easiest way to create tests and homework that prepare students for OxfordAQA Maths and Science exams.

## TEACHER ONLINE STANDARDISATION (TOLS)

**Build confidence in marking coursework**

To support you with marking Non-Exam Assessment (NEA) components of our qualifications, our TOLS service enables you to practice marking example student responses and receive immediate feedback through comments made by our Lead Moderators. You can also compare your mark with the actual mark the student was given.

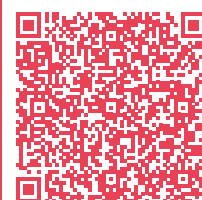

**Ask your Exams Officer for access to Data Insights, Exampro and TOLS through our Centre Services team.**

- Past papers, mark schemes and examiners' reports

- Exemplar student answers with examiner commentaries
