Paper 1 Introduction to Financial Accounting

Specimen paper

07:00 GMT

Time allowed: 2 hours

Materials

For this paper you must have:

a calculator.

Instructions

- Use black ink or black ball-point pen.
- Fill in the boxes at the top of this page.
- Answer all questions.
- You must answer the questions in the spaces provided. Do not write outside the box around each page or on blank pages.
- If you need extra space for your answer(s), use the lined pages at the end of this book. Write the question number against your answer(s).

Information

- The marks for each question are shown in brackets.
- The maximum mark for this paper is 80.

Only one answer per question is allowed. Concrete question completely fill in the circle alongside the appropriate answer. CORRECT METHOD WRONG METHODS If you want to change your answer you must cross out your original answer as the flyou wish to return to an answer previously crossed out, ring the answer you now select as show. Section B

Answer **all** questions in this section.

1 3

Mithali is a sole trader. Her bookkeeper is in the process of completing the ledger accounts for the year ended 30 April 2023.

The bookkeeper has provided the following information relating to the motor vans owned by the business.

Extract from the statement of financial position at 30 April 2022:

	Cost \$	Accumulated depreciation \$	Net book value\$
Motor vans	72 000	34 875	37 125

On 30 November 2022 Mithali part exchanged an old van for part of the purchase price of a new van.

The old van had originally cost \$24 000 and had accumulated depreciation of \$13 875. Mithali was given an allowance of \$8 000 against the cost of the new van. The new van cost \$28 000 and the balance owing was paid by cheque.

It is Mithali's policy to depreciate motor vans using the reducing balance method at a rate of 25% per annum. No depreciation is charged in the year of disposal and a full year's depreciation is charged on all motor vans owned at the end of the year.

There were no other purchases or disposals of motor vans in the year ended 30 April 2023.

The bookkeeper also provided the following information relating to the wages of Mithali's employees for the year ended 30 April 2023.

	USD \$
Amount owing for wages at 30 April 2022	2 800
Wages for the year paid by bank transfer	58 600
Amount owing for wages at 30 April 2023	4 200

1 3 . 1 Prepare both the at cost account at 30 April 2023 and the provision for depreciation account at 30 April 2023, for the motor vans. Bring any balances down on 1 May 2023.

Turn over for the next question

A book keeper has produced her cash book for the month of April 2023.

1 4

Dr	Cash book (bank columns only)				
Date	Details \$		Date	Details	\$
05 April	Cove cheque	358	01 April	Balance b/d	1 287
10 April	Bartley cheque	642	10 April	JC Plumbing cheque 123790	465
15 April	Wu credit transfer	82	12 April	Citi Plumbing cheque 123791	275
30 April	Khan cheque	2 486	15 April	Jones cheque 123792	156
			15 April	Wages cheque 123793	480
			24 April	Card payment telephone	37
			30 April	Balance c/d	868
		3 568			3 568

She received the bank statement for April 2023 and is concerned that the balance in her cash book does not agree with the balance shown on the bank statement.

BANK STATEMENT

Date	Description	Dr \$	Cr \$	Balance \$	
01 April	Cheque 123789	245		1 287	DR
09 April	Cheque		358	929	DR
10 April	Interest	45		974	DR
15 April	Cheque		642	332	DR
15 April	DD JJ holdings	650		982	DR
15 April	Transfer Wu		82	900	DR
22 April	Cheque 123793	480		1 380	DR
22 April	Cheque 123792	165		1 545	DR
24 April	Card payment	37		1 582	DR
27 April	Cheque 765421	4 600		6 182	DR
30 April	Transfer Wu		215	5 967	DR

The book keeper has spoken to the bank to question whether cheque 765421 relates to her business. The bank said that this was debited in error; however, all the other entries on the bank statement were correct.

12

Prepare an updated cash book at 30 April 2023. Bring down any balance on 1 May 2023.

1 5

Mel, a sole trader, is completing her financial statements for the year ended 30 April 2023.

The following balances remain in the books of account following the completion of the draft income statement.

	USD \$
Bank (debit balance)	1 075
Bank loan	20 000
Drawings	21 800
Equity at 1 May 2022	48 600
Inventory	21 700
Non-current assets – net book value	28 760
Other payables	575
Other receivables	450
Profit for the year ended 30 April 2023	27 860
Trade payables	6 750
Trade receivables	30 000

Since completing the draft income statement, she has discovered the following errors and omissions.

- On 25 April 2023 Mel had purchased goods costing \$750 on a sale or return basis. These had not been recorded in the purchases account, but as they were on the premises on 30 April they had been included in the closing inventory. On 8 May 2023 the goods were returned to the supplier as they had not been sold.
- 2. On 27 April 2023 Mel had drawn a cheque for \$350 to pay an employee for helping with the stock-take. She had debited this to drawings.
- 3. On 28 April 2023 Mel paid rent of \$900 by cheque. The payment covered the period from 1 April 2023 to 30 June 2023. No entries have been made in the books of account to record this transaction.
- 4. On 30 April 2023 Mel deposited \$10 000 cash from her personal savings into the business bank account for business use. This had not been recorded in the books of account.
- 5. The bank loan is repayable in full on 1 January 2026.
- 6. On 31 May 2023 loan interest of \$2 400 for the three months from 1 March 2023 to 31 May 2023 was paid. No entries have been made in the books of account to record this.

Answer **all** questions in this section.

1 6

Alistair is concerned about the liquidity of his business. He allows his credit customers 30 days' credit. On average his suppliers also give him 30 days' credit. He has calculated the following ratios for the current year together with those of the previous three years.

Ratio	2023	2022	2021	2020
Trade receivables days	40 days	45 days	50 days	60 days
Trade payables days	33 days	30 days	25 days	20 days
Rate of inventory turnover	5 times	8 times	11 times	12 times

Assess the performance of Alistair's business in relation to liquidity. Use the ratios provided by Alistair.
