Paper 2 Financial and Management Accounting

Specimen paper

07:00 GMT

Time allowed: 2 hours

Materials

For this paper you may use:

- a calculator

Instructions

- Use black ink or black-ball-point pen.
- Fill in the boxes at the top of this page
- Answer **all** questions.
- You must answer the questions in the spaces provided. Do not write outside the box around each page or on blank pages.
- If you need extra space for your answer(s), use the lined pages at the end of this book. Write the question number against your answer(s).

Information

- The marks for questions are shown in brackets.
- The maximum mark for this paper is 80.

Section A

Answer **all** questions in the spaces provided.

Only **one** answer per question is allowed.

For each question completely fill in the circle alongside the appropriate answer.

CORRECT METHOD

WRONG METHODS

If you want to change your answer you must cross out your original answer as shown.

If you wish to return to an answer previously crossed out, ring the answer you now wish to select as shown.

0 1

The management accountant of BE Ltd has prepared a break-even chart.

Note: the chart is not to scale.

What is the variable cost per unit?

[1 mark]

A \$0.80

☐

Section B

Answer **all** questions in this section.

1 3

The directors of Brogia Ltd have provided the following information from the statement of financial position at 1 June 2022.

| | USD \$ |
|--------------------------|---------|
| Issued share capital | 120 000 |
| Share premium | 20 000 |
| Retained earnings | 48 560 |
| Bank loan repayable 2030 | 60 000 |

Additional information:

- Each share has a nominal value of 20p.
- On 25 May 2023 the directors paid a dividend of 4p per share.
- On 29 May 2023 the directors issued 200 000 new ordinary shares at a price of 35p per share. The issue was fully subscribed.
- Operating profit for the year ended 31 May 2023 was \$54 270
- The bank loan was taken out in 2010 and interest is payable at the rate of 5% per annum.
- The directors have been advised that there should be a provision for corporation tax for the year ended 31 May 2023. It is estimated that this should be 20% of the profit before tax.

1 3 . 1

Prepare the statement of changes in equity for the year ended 31 May 2023. A total column is **not** required.

1 4

The assistant accountant of Joko Ltd has prepared the income statement and retained earnings section of the statement of changes in equity for the year ended 30 April 2023.

The balances remaining in the ledger accounts at 30 April 2023 are shown below.

| | USD \$ |
|---------------------------------------|---------------|
| Bank overdraft | 15 000 |
| Inventory | 73 600 |
| Ordinary shares of 20p each | 175 000 |
| Other payables | 7 600 |
| Property - cost | 250 000 |
| Property - provision for depreciation | 62 500 |
| Provision for doubtful debts | 1 140 |
| Retained earnings | 57 610 |
| Share premium | 25 000 |
| Trade receivables | 20 250 |

The finance director has checked the draft financial statements and accounting records and asked for the following items to be dealt with.

1. During the year, the company had their property repaired. The cost of the repairs totalled \$80 000, which has been debited to repairs and renewals. Included in the repairs total was \$20 000 for building a new storage room.
2. It is company policy to depreciate property over a useful life of 40 years using the straight-line method. A full year's depreciation is charged in the year of acquisition and none in the year of disposal.
3. On 30 April 2023 a \$125 000 8% bank loan repayable over five years was taken out. Monthly repayments will be made across the period of the loan. Interest will be charged on the balance outstanding at the start of the year. This transaction has not been recorded in the books of account.
4. The provision for doubtful debts has not yet been calculated for the year ended 30 April 2023. The finance director wants this to be 4% of trade receivables.
5. The finance director has calculated that a provision for taxation of \$16 000 should be made.

Question 14 continues on next page.

Joko Ltd
Statement of financial position at 30 April 2023

[illegible]

1 5

Budgee Ltd is a trading company which buys and sells one type of product.

The management accountant of Budgee Ltd is preparing the budgeted income statement for the year ended 30 April 2024. He is using the actual results for the year ended 30 April 2023 as the basis for the budget.

The trading section of the income statement for the year ended 30 April 2023 is shown below.

**Trading section of the income statement for the year
ended 30 April 2023**

| | USD \$ | USD \$ |
|---------------------------------|------------------|------------------|
| Revenue (12 000 units) | | 2 160 000 |
| Opening inventory (2 000 units) | 180 000 | |
| Purchases (12 000 units) | 1 440 000 | |
| Closing inventory (2 000 units) | <u>(240 000)</u> | |
| Cost of sales | | <u>1 380 000</u> |
| Gross profit | | 780 000 |

The management accountant provides the following forecasts for the year ended 30 April 2024.

Both sales and purchases will be spread evenly through the year.

Revenue

It is intended to reduce the selling price by 10% from 1 May 2023.

The forecast is:

- for the six months from 1 May to 31 October 2023 that the sales volume will increase by 15%
- for the six months to 30 April 2024 the sales volume will increase by a further 10% (based on the sales volume for the period from 1 May to 31 October).

Purchases

It is intended to purchase 15 000 units. The current supplier has informed the company that it will be increasing the price to \$130 from 1 May 2023. Budgee Ltd is contracted to buy products from this company for the three months until 31 July 2023.

The purchasing manager has found a new supplier, who is willing to supply the product for \$120, but they will charge \$5 a unit for delivery. The purchasing manager has agreed to purchase the products from this company from 1 August 2023.

Inventory

Inventory is valued at the latest cost.
