Post-results services summary – November 2026 and January 2027

If you're unhappy with an exam result, there are a few options available.

If you're a learner, the best thing to do is to speak to your school about your options. You might decide to see a copy of your exam paper, ask for a review of marking, or re-sit the exam.

Access to scripts

Request access to scripts to decide on reviews of marking and to support your teaching and learning. Both the Access to Scripts – Priority copy and Access to Scripts – Standard copy services are free.
We'll email exams officers when the marked paper is available on Centre Services.
Scripts will show the learner's written answers and the examiner's comments and marks.
If you're concerned that the examiner has made a mistake marking your student's script, you can consider requesting a review of marking.

Data Insights

Data Insights will allow you to dig deeper into your results and see how your school, subject, class and individual learners have performed.
You can download results quickly into a spreadsheet and review graphs for teaching and learning purposes and use these in your school SLT reports.

- Moderation reviews are only available for whole NEA subject units, not individual students.
- Learners' marks may be lowered, but the published grade will not be lowered for the current exam series.
- Lowered marks may be carried forward to future certification.
- We'll email exams officers when your review of moderation outcome is available to view on Centre Services. The outcome letter will give details of any mark/grade adjustments. The Review of Moderation feedback report will be sent to the Exams Officer's email address when the outcome is available.
- If the school mark is reinstated as a result of a moderation review, we won't charge for it.
